Storage Shed

1. Important Safety Instructions

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

When using the product, basic safety precautions should always be followed to reduce the risk of injury including the following:

Risk of injury!

Product may tip over. Do not let children climb on or play with the product.

Risk of damage!

Do not pull back on the lid of the product to prevent damage to the gas springs. The lid is not designed to open more than 90°.

- For domestic outdoor use only.
- Be cautious when opening/closing the product. Keep hands away from the folding mechanisms to prevent fingers from being trapped and pinched.
- This product must be assembled by 2 adults.
- Keep children and pets away while assembling the product.
- Do not let children climb on or play with the product.
- Always use the product on a firm, level ground.
- Do not use this product if any parts are missing, damaged, or worn.
- Assemble the product near the place where the product is to be located.
- Do not over-tighten the fasteners.
- Regularly examine the product for wear and tear. Stop using the product at first sign of damage or if parts become detached.
- Do not use power tools to assemble the product. Power tools may strip or damage the parts.
- Do not overload the product.
- Do not place heavy objects on top of this product.

2. Additional Safety Instructions

- To prevent risk of suffocation, do not allow children to play inside the product.
- Do not sit or stand on the lid.
- Do not assemble the product on a windy day. Strong winds can launch the panels of the product into the air and may cause damage.
- Do not let leaves or snow accumulate on the product, as excessive weight may cause damage.
- Do not use this product to store flammables, explosives or hazardous materials.
- This product is not designed for transporting items. Remove all items inside the product before lifting or moving the product.
- It is recommended to use a padlock (not included) to secure any belongings inside the product.

3. Before First Use

Risk of suffocation!

Keep any packaging materials away from children and pets.

- Remove all the packaging materials.
- Remove and review all components before assembly.

4. Assembly

For additional illustrated assembly steps, refer to the end of the written instructions.

5. Cleaning and Maintenance

5.1 Cleaning

- Brush off or scrub away accumulated dirt and debris on the exterior of the product.
- To clean the product, wipe with a soft, slightly damp cloth.
- To deep clean the exterior of the product, a garden hose can be used. Be cautious not to spray water inside the product.
- Wipe the product dry after cleaning.
- Never use corrosive detergents, wire brushes, abrasive scourers, metal or sharp utensils to clean the product.
- Keep the water groove clean and dry.

5.2 Maintenance

- Regularly clean the product to prevent grime buildup.
- Keep the inside of the product clean, dry and well-ventilated to prevent moisture buildup.
- Check the components regularly to make sure all screws and bolts are tightened.
- Regularly lubricate the latches, hinges and padlock (not included).

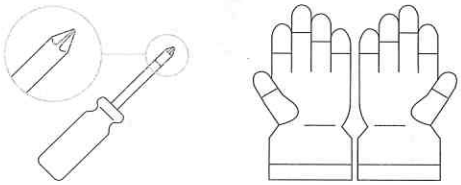

5.3 Transportation

- Before moving the product, always check that the path and ground surface can accommodate the product size.
- Empty the product to reduce weight and prevent damage.
- Do not drag the product on the ground. Consider using rollers or carts.
